

C.H.J. Incorporated

City of Hesperia Police Department

Owner: City of Hesperia

Project Summary

The new Police Department, a 39,020 square-foot facility, was constructed on the north side of Smoketree Street, between 7th and 9th Avenues. The building is comprised of 2-story concrete tilt-up walls and is located across the street from the recently built City Hall and community park.

Other improvements to the site included a parking lot, underground utilities, sidewalks, landscaping, transformer enclosures, above-ground fuel tanks, a generator, and trash receptacles.

C.H.J.'s Role

CHJ performed the geotechnical investigation, materials testing, grading observation, compaction testing, and construction inspection for this facility. The project was coordinated with the City of Hesperia and the County of San Bernardino Sheriffs Department.

Project Costs: \$17.5 Million
